

## Online Banking System Requirements

### Carson Bank Personal Online Banking

Carson Bank Personal Online Banking is optimized to run on a fairly standard platform compatible with Windows and Macintosh operating systems. In order to use Carson Bank Personal Online Banking, you must have:

- A connection to the Internet
- 128 bit encryption
- An approved operating system and Internet browser (see table below)
- A PDF reader, such as Adobe Reader®, if you wish to view your account statements online

Carson Bank highly recommends the use of the latest commercially accepted browsers and operating systems. The following browsers and operating systems have been approved to meet Carson Bank Online Banking security and application requirements, and are currently supported:

| Operating System             | Microsoft Internet Explorer® | Apple Safari® | Mozilla Firefox® | Google Chrome™ |
|------------------------------|------------------------------|---------------|------------------|----------------|
| Windows 7                    | 11.0                         | N/A           | 50.0             | 55.0           |
| Windows 8.1                  | 11.0                         | N/A           | 50.0             | 55.0           |
| Windows 10                   | 11.0, Edge                   | N/A           | 50.0             | 55.0           |
| Mac OS X 10.11 (El Capitan™) | N/A                          | 9.0           | 50.0             | N/A            |
| Mac OS X 10.12 (Sierra™)     | N/A                          | 10.0          | 50.0             | N/A            |
| iPad®                        | N/A                          | 8.0           | N/A              | N/A            |
| iPad® mini                   | N/A                          | 7.1           | N/A              | N/A            |
