

## Online Banking System Requirements

### Carson Bank Online Banking

Carson Bank Online Banking is optimized to run on a platform compatible with Windows and Mac operating systems. In order to use Carson Bank Online Banking, you must have:

- A connection to the Internet
- 128 bit encryption
- An approved operating system and Internet browser (see table below)
- A PDF reader, such as Adobe Reader®, if you wish to view your account statements online

Carson Bank highly recommends the use of the latest commercially accepted browsers and operating systems. The following browsers and operating systems have been approved to meet Carson Bank Online Banking security and application requirements, and are currently supported:

Operating System	Microsoft Internet Explorer®	Apple Safari®	Mozilla Firefox®	Google Chrome™
Windows 10	11.0, Edge	N/A	85.0	90.0
macOS Catalina version 10.15	N/A	11.0	85.0	90.0
macOS Big Sur version 11	N/A	11.0	85.0	90.0
iOS 11	N/A	12.0	9.0	87.0
Android 5.0 Lollipop	N/A	N/A	5.0	88.0

**Cookies and JavaScript must be enabled.**

The above table of accepted browsers and operating systems is subject to change periodically in order to support the combinations that have the greatest impact on users.
